

Finger Food

Finger Food can be ordered as a supplement to your sandwiches or on their own if you require a light lunch/snack.

A selection of items, all freshly made right here in our kitchen. Our finger food is generally more substantial than the items on the canapé menu and are ideal for an informal working lunch or for receptions and office parties. Please note that as we make everything by hand we may require 24 hours notice for some items.

A minimum of 10 per item.
